Dear Members,

停車場電單車及單車停泊處優化與調整安排
Arrangements for the Optimization and Adjustment of Motorcycle
and Bicycle Parking Spaces in Parking Lots

本會所現正進行停車場空間及設施之全面檢視與優化工程，以確保各項設施切合最新的相關法規及批地條款要求。

The Club is currently conducting a comprehensive review and optimization of the parking lot's space and facilities to ensure that all facilities comply with the latest relevant regulations and land grant terms.

經檢視後，由2026年10月9日起，原設於停車場的電單車及單車停泊位將暫停使用。如會員有電單車或單車停泊需求，請自行到附近合規之替代停泊位置。

Following this review, effective 9th October 2026, the motorcycle and bicycle parking spaces originally located in the parking lot will be temporarily closed. Members who need to park motorcycles or bicycles are asked to use nearby, compliant alternative parking locations.
